## OPS Digital Signage Players

As newer computer technology brings innovative ways to improve communications and interactions, the market for interactive signage grows every year in size and scope. Axiomtek's OPS product series is designed to deliver true customer value by delivering high performance computing, exceptional graphics performance, and streamlined installations and maintenance cost effectively.

### Compatibility

Proven to be among the most compatible Intel® OPS-based players available

### Easy Maintenance

Compliant with Intel® OPS for easier installation, upgrades, and maintenance

### Multi-view

Support multi-display for a variety of applications

### Stunning 4K

Offered with excellent graphics features including 4K UHD @ 60Hz resolution

### Remote Management

Support Intel® AMT for managing, upgrading, and protecting devices remotely

### Connectivity

Easy configuration for Wi-Fi or 3G/LTE modules connection
